BPB HOA Waste Guidelines

[RESIDENTIAL CURBSIDE PICK-UP](#)

Contact 24-Hour Customer Service Center at 954-828-8000

Setout Info

Garbage is collected twice per week, recycling and yard waste are picked up only once per week, and bulk trash is collected once monthly.

Trash (Black): Mondays and Thursdays

Loose Recycle (Blue) & Yard Waste (Green): Thursday only

Bulk Pickup: FOURTH Monday only

Citywide Guidelines

- Place your carts roadside before 7 am on your pickup day, but no earlier than 6 pm the evening prior to your scheduled collection.
- The lids on all carts must be able to close completely.
- When placing carts roadside, make sure the handles face the sidewalk and the lid openings face the street. Place on the blacktop **IN** the roadway, not on the sidewalk!
- Place carts and Bulk Trash piles at least 1 foot apart and away from parked cars.
- **It is prohibited to block any driveway with the carts.**
- All carts must be removed from the roadside and secured on your property *out of street view* the same pickup day, Monday or Thursday.

Our Guidelines

1. All bins need to be clearly labeled with the house numbers, minimum of the last two digits.
2. Bins should be set out on the **south side of the street after 6 pm on Sunday or Wednesday night.**
3. All bins should be collected on the day of service before dusk.
4. Bins should not be broken or damaged. Call 954-828-8000 if you need a replacement.
5. It is recommended that bins are cleaned routinely.
6. If trash or recycling falls out of bins due to overstuffing or weather, residents who own them are responsible for collecting the debris blown or spilled from the bin.
7. **NO BAGS** are allowed in the Blue Recycling dumpster. All items are to be loose for the sorting machine. Your rates have been increasing due to bagged items being discarded.
8. Bins are not to be stored on the street or sidewalk, and should be stored out of sight.
9. For Bulk Trash pickups: your green landscape bulk needs to be in a separate pile away from the other trash pile. Piles go in the road as if parking a small car.
